1 Introduction

“Be safe, be smart, be kind” - with these words, Dr. Tedros Adhanom Ghebreyesus, the Director-General of WHO, launched WHO’s “Be Ready” campaign in the beginning of March 2020 (WHO 2020). A few days before the first lockdown in Germany, Ghebreyesus warned about the risk that would come with the spread of COVID-19. His message in the wake of the campaign is straightforward. However, to follow his advice seems to be harder than one might think. This pandemic is hard on everyone. We are watching more and more people die every day, restaurants and shops have to close for good and everybody else is restricted in their day to day life.
